

Being a column in which the publisher just "blows off the steam."

MRS. TATE MAY have found some sure-fire medicine for curing her banker president husband's ailments—and it's cheap, too.

Tate had been nursing a case of lumbago or some similar ailment for some time, and so adopted a cane for additional support to the ailing leg. Actually, it made him look a little more distinguished, we thought, and he had gotten pretty adept in its use. It was becoming almost a regular fixture with the popular banker.

Not only that, but Tate, following the serious operations to his eyes several months ago, had resorted to the use of colored glasses as protection against the bright summer sun.

At any rate, his sprightly wife, who does the driving for the couple, was often seen helping the husband out of the car and assisting him to his feet. Then someone who knew Tate but was not acquainted with his wife, remarked: "Tate is that your daughter I've been seeing you with lately?"

Tate suddenly began to feel better—and threw away the cane!

MRS. WILLIAM SHELTON, native of Hamlin and for many years a resident of the community, writes from Chula Vista, California, asking that The Herald be mailed to her there.

She remarks that she wants to keep up with the goings-on of former friends and relatives, and believes The Herald will be her best messenger of light.

THE YOUNG MINISTER was in the pulpit for the first time—and a little nervous. He read the text: "Behold I come." The sermon was to follow immediately, but his mind went blank, and he repeated the text, "Behold I come," hoping to remember the opening words of the sermon—but with no success.

Trying to be nonchalant, he leaned forward as he repeated the text for the third time. Under his weight the pulpit gave way and he landed in the lap of the wife of one of the elders.

"I'm awfully sorry," he said, much embarrassed. "I really didn't mean for this to happen."

The lady smiled kindly and replied, "Oh, that's all right. I should have been ready after you warned me three times."

DONLEY WILLIAMS, president-elect of the Hamlin Lions Club, who is leaving with his family within a few days for New York City and the annual convention of Lions International, has been making all kinds of plans for the affair.

Donley, like most of the rest of us, has never been to New York. He imagines all sorts of things about the big city—how he can't get around in his car with his family; how crowded and bustling and inconsiderate the metropolis must be; how the hotels, taxi drivers and other merchants are out to get every last dime from the country bumpkin who enters the city's portals.

Donley's not real sure he will enjoy the trip, even after he has planned for a year to go.

At any rate, he has made up his mind about a few things: He will go by a relative's home in Alabama; leave his car there, and ride the train or bus into New York City, where he will be at the mercy of the taxi drivers. He has his hotel reservations, and now is breathing a little easier in the thought that a buyer for his company, McDonald's, will help him and his family have a good time during the convention.

We envy you your trip, Donley. Have a good time!

LAST RUN OF THE "DOODLEBUG" passenger train of the Santa Fe Railway through Hamlin was made last Thursday evening when the above historic picture was made. It shows the crew in front of the diesel-electric unit just before it pulled out of the Hamlin station on its final run to San Angelo. Shown are (left to right) D. W. Lynch, brakeman, J. M. McCain, conductor, and O. M. Hamilton, all of San Angelo. The train was discontinued after the petition to abandon the run from San Angelo to Altus, Oklahoma, was granted last Wednesday by the Texas Railroad Commission in Austin. The train had been losing money for several years, especially since the loss of the mail contract last November.

Dr. Hawkins Heads Hamlin Riding Club

Dr. E. J. Hawkins, head of the staff at Hamlin Memorial Hospital and charter member of the Hamlin Riding Club, was elected president of the club at the annual business session of the group held Friday evening at the Hamlin Primary School cafeteria. He succeeds W. C. (Bill) Adair.

Others officers elected at the business session were: L. C. Bonds, vice president; Mrs. John D. Ferguson, reelected secretary-treasurer; Kenneth Seifres, one-year director-at-large; Cliff Reynolds Jr., two-year director-at-large; J. W. Carlton, arena director; Ed Branscum, assistant arena director; Don Elmore, alternate; L. A. Johnson, parade director.

Plans were made to complete the bucking bronco chutes at the arena constructed last year, north of the Katy Railway on the Aspermont highway.

The group voted to continue the drive for memberships in the organization. Dues of \$10 for the 1959-60 club year are due at this time, it was pointed out.

Plans are underway to have a jackpot roping and barrel race Sunday afternoon, June 21, at 2:00 o'clock at the arena. Ropers will be limited to the first 30 who register for the event. The public is invited. Admission prices will be 75 cents for adults and 35 cents for children, it is announced.

Colored Citizens Slate Juneteenth Celebration Here

Hamlin's colored population is priming for a big Juneteenth celebration Friday, declare members of an arrangements committee.

A free barbecue will be served at noon Friday, it is announced. Serving will begin at 11:30. Exact site for the barbecue had not been determined first of the week.

Main features of the afternoon will be softball and baseball games to be played at the Hamlin High School diamond in Southwest Hamlin.

Snyder Yellow Jacket Girls and Hamlin Sky Rocket Girls will cross bats at 1:30 o'clock. Bertha Lee Simmons is manager, and Ollie Ray Sneed is captain of the Hamlin girls' squad.

At 3:00 o'clock the Hamlin Invaders will meet the Stamford Red Sox in a second ball game. The Invaders are out for revenge for the licking handed them Sunday, June 7, by the Red Sox. Batteries for Stamford will be Collins as pitcher and Williams as catcher. Batteries for the Invaders will be Fred Thompson as pitcher and John Chase as catcher. Buddy Haley is captain and Andrew Sparks is manager of the Invaders.

Admission of 75 and 25 cents will admit attendees to both games. The public is invited to attend.

Services are being held in the evenings only, beginning at 7:30 o'clock. The public is invited to attend.

Young people of the church, Jennie Law and David Bingham, are directing the song services. The pastor is doing the preaching.

A five-evening youth led revival at the Calvary Baptist Church began Wednesday evening, according to new pastor of the church, Rev. Royce Campbell. It will continue through Sunday evening.

Despondency Over Health Blamed for Death of Woman

Despondency over her health condition was ascribed Wednesday as the possible cause of death late Tuesday of Mrs. Constance Alene Crew, 41-year-old wife of a wrecking yard operator at the family home just off the McCaulley highway in Southwest Hamlin.

Her husband, E. S. Crew, found his wife lying on the floor of a bedroom. A .22-caliber rifle was beside the body. Justice of the Peace Burns Alkin and an attending physician estimated time of death to be about 5:35 p. m.

Mrs. Crew worked at the Feldt Manufacturing Company in Stamford and normally gets off work at 5:00 p. m., but it was not known Tuesday night what time she arrived home. Her husband found the body when he came home after working at the wrecking yard the couple owned about 50 yards from the home.

The victim had a Wednesday appointment with a Hamlin doctor, her husband said.

The rifle found in the bedroom was one which was kept at the home. She had been shot in the right temple. A verdict of suicide was returned Wednesday by the justice of the peace.

Born July 28, 1911, at Hamlin, she married Crew November 17, 1937. She was a member of the Hamlin Church of Christ.

Final funeral arrangements had not been made at press time for The Herald Wednesday morning. The body is at Hamlin Funeral Home.

Survivors include her husband; one son, Billy S. Crew, who is in Japan with the U. S. Navy; one daughter, Hazel Crew of Abilene; two brothers, J. W. Patterson of Hamlin and Edgar Patterson of Abilene; two half-sisters, Mrs. J. B. Perry of Hamlin and Mrs. W. J. Isbell of Pasadena, Texas.

Mrs. June Elmore is sponsor to the Texas Cowboy Reunion at Stamford next month by the Board of Community Development in monthly business session Monday evening.

Mrs. Elmore will participate in the parade and other features of the annual reunion scheduled on July 2, 2 and 4.

VISIT FROM CARLSBAD. Mr. and Mrs. T. E. Dixon of Carlsbad, New Mexico, were in Hamlin last week attending to business and visiting with relatives.

HAS GUESTS RECENTLY. Mrs. H. C. Porterfield and her granddaughter, Caryn Latner, of San Bernardino, California, the Joe Kochs from Riverside, California, and the Jack Coles from Slaton visited with their mother and grandmother, Mrs. Ed Bailey.

Regular third Sunday singing will be conducted Sunday afternoon at Calvary Baptist Church in South Hamlin. It is announced by promoters of the events.

Several out-of-county singers are expected to attend the songfest, which will get underway at 2:00 o'clock. The public is invited.

Installation of new officers for the club year beginning July 1 will be installed this (Thursday) evening at the semi-annual ladies' night affair of the Hamlin Lions Club. Attendance and long service awards also will be presented.

To be installed are: Donley M. Williams, president; James Josey, first vice president; George E. Campbell, second vice president; Joe League, third vice president; Ed Croan, secretary; E. A. Hewett, treasurer; Austin Siburt, Lion Gene Moore, song leader; Lester Jamer; Calvin Bailey, tall twister; Lester Minton and Jerry Howard, one-year directors.

Speaker for the evening will be Glen Russell of Sweetwater, former zone chairman and long time Lions Club member. Musical numbers will be presented by a Lions quartet composed of Max Murrell, L. H. McBride, Austin Siburt and Willard Jones.

Besides the ladies of the club members, a number of other invited guests will be present for the banquet, to be held at 7:30 p. m. at the oil mill guest house.

Mr. and Mrs. John V. Howard Sr. and Mrs. Electra Wilson of San Angelo left Thursday by train for an extended visit with the Howard's daughter and family, Mr. and Mrs. W. E. Fields and family, who are in California.

HONORED SUNDAY EVENING at their 35th wedding anniversary by their children were Mr. and Mrs. Horace E. Brown (above) of Hamlin. Residents of this section for nearly half a century, the Browns were congratulated by more than 150 relatives and friends who at their home in Southwest Hamlin during the open house. Passenger Train in Region Discontinued by Santa Fe

PRIZE PROVES PROFITABLE—Linda Webb, 10, (standing left) collects five cents from Jeanine Kealey, five, as payment for a ride in Linda's pedal-driven trolley. Other children wait in line and in the vehicle ready for a ride around the block near their homes in Dallas. Linda won the trolley as a door prize at a variety store opening and has averaged a \$1 a day profit in the past few days taking neighborhood children for a ride.

Wheat Marketing Quotas for 1960 Less Than This Year

Founder of Local Pentecostal Group Will Be Speaker

Rev. Donald Berry of Cleburne, founder and first pastor of the United Pentecostal Church in Hamlin, will preach at the homecoming revival of the congregation, scheduled Monday, June 22, through Sunday, June 28, it is announced by Rev. Homer D. Waller, present pastor of the local church.

Rev. Berry is well known in the Hamlin territory having lived here for several years. He is active in the work of the denomination over the state, being one of the leading evangelists of that faith.

Not only present and former members of the congregation are invited especially to attend the series of services, but the public is invited, Rev. Waller declares.

All-day services are scheduled on Saturday, June 27. Dinner will be served at noon at the church.

Preaching will be at 7:45 each evening and at 10:00 o'clock Saturday morning.

Singing Set Sunday At Calvary Church

Regular third Sunday singing will be conducted Sunday afternoon at Calvary Baptist Church in South Hamlin. It is announced by promoters of the events.

Several out-of-county singers are expected to attend the songfest, which will get underway at 2:00 o'clock. The public is invited.

Installation of new officers for the club year beginning July 1 will be installed this (Thursday) evening at the semi-annual ladies' night affair of the Hamlin Lions Club. Attendance and long service awards also will be presented.

Growers to Vote July 23 on Quotas Allocated States

Wheat growers of the Hamlin territory were advised a few days ago that marketing quotas for the 1960 wheat crop were proclaimed on June 1 by Secretary of Agriculture Ezra Taft Benson. This seventh successive proclamation of wheat marketing quotas is required by a wheat supply that is 99.6 per cent above the normal supply level.

The Texas share of the 1960 allotment will be 4,092,251 acres, which is nearly 7,000 acres less than this 1959 allotment of some 4,099,047 acres.

Benson proclaimed a national wheat acreage allotment of 55,000,000 acres, the minimum permitted by law, and announced the state shares of the national allotment. He also set July 23, 1959, as the date for a referendum to determine producer approval or disapproval of quotas and announced a 39-state commercial and a

Final Runs Made By Novel Trains Last Thursday

A Hamlin traditional institution passed into oblivion last week with the stoppage Thursday night of passenger trains 45 and 46 on the Santa Fe Railway through the Northwest Jones County metropolis.

No longer will the 6:00 a. m. and 8:00 p. m. whistles of the "doodlebug" help people of the area to get up in the morning or set their watches by railroad time.

Permission to discontinue the trains was granted last Wednesday at Austin, and the final runs from San Angelo to Altus, Oklahoma, were made last Thursday morning and evening.

Operation of the same trains in Oklahoma was discontinued last September 21.

A hearing on the railroad's request was held June 2 in San Angelo. Railway officials testified the Texas section of the line showed a deficit of \$92,317 for the year ending February 29, 1959. They estimated the deficit for the next 12 months would be more than \$130,000.

Testimony also was presented that the post office department had cancelled the contract for carrying mail on the trains because it could save about \$50,000 a year by transporting mail by motor trucks between San Angelo and Kiowa, Kansas, former northern terminal for the passenger run.

The last run by the "doodlebug" left Hamlin at 8:10 p. m. Thursday. Eight passengers made the run from Hamlin to Sweetwater. Conductor of the train was J. M. Cain of San Angelo, who brought it in from Altus, Oklahoma, to San Angelo. R. L. McIntosh of San Angelo, who took the train to Altus, returned as a passenger.

The "doodlebug" was a one-unit train for the past several months with a gasoline-diesel engine, with mail, baggage and coach all joined together. Length of the train was about 65 feet.

With the passing of the "doodlebug"...

RECALLING Other Years

★ Being news items taken from old files of Your Home - Town Newspaper, The Herald.

THIRTY YEARS AGO.

In scanning the files of Your Home Town Paper, we find the following news briefs, taken from the issue of The Hamlin Herald dated June 14, 1929:

Eight-year-old daughter of Mr. and Mrs. O. M. Stice was seriously injured Sunday afternoon when she was struck by an automobile on the Plasterco road near her home.

Hamlin Fire Chief Dr. S. E. Jones, B. C. Colwell, Fred Britton and Pistol Crow, all members of the Hamlin Volunteer Fire Department, left this week for Galveston to attend the state convention of the Texas Firemen and Fire Marshals Association.

A recent survey by the Jones County farm agent shows that more than 3,000 milk cows are now being raised in Jones County, which provide a good source of commercial milk production.

Mrs. J. C. Blanton and daughter, Era, left Monday for Lockney and points in New Mexico, where they will spend the summer.

Mrs. J. O. Eubanks, daughter of Rev. and Mrs. Ben Hardy, is leaving this week for her home at Corpus Christi after an extended visit here.

Ruby Thompson returned this week from Denton, where she was a student at C. I. A.

TWENTY YEARS AGO.

From the files of The Hamlin Herald dated June 16, 1939, the following news briefs of 20 years ago are reproduced:

Mrs. J. B. Williams and son, James, of Wellington are spending this week with her brother, Tom Williams, and family.

J. W. Jay is improving slowly in the Stamford Sanitarium, where he has been ill for more than a week.

Mr. and Mrs. Sam D. Adkins and baby, Dennis, of Hillsboro were here this week visiting her sister, Mrs. Delma Shelburne, and other relatives.

Mr. and Mrs. A. T. Tipton and two children returned home Sunday from a 3,400-mile trip that took them through East Texas, Louisiana, Arkansas, Mississippi and Tennessee.

Selma, Winnie Mae and Nozik Hassen are visiting relatives in Wichita Falls. Jamlae Hassen returned Sunday from a visit to Moran.

TEN YEARS AGO.

Events in the Hamlin community 10 years ago included the following, reprinted from the issue of The Hamlin Herald dated June 17, 1949:

A homecoming of former residents of the Hamlin community is being considered by the Hamlin Planning Board. The project was suggested by Mrs. Tom Tesgue of the Garden Club.

A golden flood of grain continues to come into Hamlin. The grains were damaged considerably by recent rains.

Grovena Sipe, daughter of Mr. and Mrs. G. T. Sipe, has gone to Florida to spend the summer with relatives.

The City of Hamlin has purchased mechanized spraying equipment to fight mosquitoes and other insects, according to Mayor Holly Toier.

FIVE YEARS AGO.

Goings-on in the Hamlin community are reflected in the following news briefs, taken from the issue of The Hamlin Herald dated June 18, 1954:

Row crops in the Hamlin territory are suffering badly from the lack of rain.

Onis Crawford has been named manager of the Hamlin Chamber of Commerce. He will assume his new position on July 1. Onis has been a salesman for the Carl Murrell Chevrolet Company.

City of Hamlin is faced with a need for more money for operation of the city's affairs, according to city officials. Pledging of water and sewer revenues to retirement of recently voted bonds is one of the reasons for the drop in general funds.

ONE YEAR AGO.

News bits from the Hamlin Herald dated June 19, 1958, include the following:

Row crops in the Hamlin territory are beginning to suffer for lack of moisture.

Fleashoppers and thrips are already beginning to do damage to cotton in the area, according to County Agent Kirby Clayton.

Several members, including a number of young people, of the Hamlin Church of the Nazarene are attending Camp Arrowhead near Glen Rose.

Baptist Camps Open Soon at Lueders With Sessions for GA and YWA Groups

Opening Baptist camp of the 1959 season at Lueders Baptist Encampment will be the Intermediate Girls' Auxiliary camp June 22 through 25, announces Dr. L. L. Trotter, District 17 missionary. The second camp will be the Young Woman's Auxiliary retreat June 26 and 27.

Mrs. Alvin Hatton, missionary on furlough from Rio de Janeiro, Brazil, will be the camp missionary for both of these camps. Mrs. Hatton and her husband received their missionary appointment in 1947. She is the former Catherine in Jordan, and is a native of Dermott, Arkansas.

Theme for the GA camp is "Tell the Story." Among the camp personnel will be Mrs. Donald Baird of Cross Plains, district GA director; Joy Phillips of Dallas, state GA director; and Mrs. Melvin Hargrove of Abilene, camp hostess.

There will be a forward step contest at the Intermediate GA camp only. Bring your forward step work to enter in this contest for queens only. The first place winner's work will be entered in a state-wide contest in August.

Featured in the activities will be morning and afternoon swimming.

WHYS AND WHEREFORES.

When he was president of Princeton University, Woodrow Wilson had occasion to address a body of alumni, and he took advantage of the opportunity to explain the facts of life to these graying gentlemen.

"Some of you," he started off "write and ask me why we don't make more of your boys than we do. I will now tell you the main reason—because they are your boys!"

periods, with a life guard on duty. Mrs. O. B. Woodrum of Abilene, district YWA director, will be camp director for the YWA camp, which is slated for June 26 and 27. Rev. James Fleming, pastor of Bethel Baptist Church at Eastland, will be camp pastor. Pat Nomura, student from Hawaii attending Hardin-Simmons University, will give the vesper service Friday evening.

Milk Brings \$5 per 100 During Month of May

Smallest number of producers since the effective date of the Central West Texas federal order delivered a record high volume of milk during May, 1959. The 511 producers on the Central West Texas market including several in the territory south of Hamlin, delivered daily an average of 506,853 pounds of milk. This amount was 1.37 per cent greater than April, 1959, and 12.63 per cent greater than May, 1958.

Minimum uniform price to be paid for 4.0 per cent milk received by Central West Texas handlers from producers during May will be \$5 per 100 pounds, according to an announcement by Byford W. Bain, market administrator.

Texas' Community Property Law Saves Taxpayers Tidy Sum

It's no news to most of us that this piece of sod in our particular part of Texas is just about the finest place there is, observes Tax Man Sam in a release to The Herald. Few Texans, even those living in Alaska, will deny that we have many advantages not enjoyed by the rest of the world.

Most of us know that Texas is a community property state and that this means Pa owns half and Ma owns half. However, a lot of us forget the community property when we file our income tax return, get divorced, inherit property give property away or retire. The community property law has a big effect on the income taxes you will owe in all of these cases. It usually helps, but it can also cost you money.

Check on the differences in income taxes you owe under community property law. It can save money and trouble.

TIMELY WARNING.

You can't change the past, but you can ruin the present by worrying about the future.—Sac City (Iowa) Sun.

Grasshoppers May Be Controlled Best In Earlier Stages

Young grasshoppers are emerging from fence rows and pasture land onto young cotton and grain sorghum fields in Jones County, and are beginning to cause considerable damage, according to County Agent Kirby Clayton. Effective control of these hoppers while they are young—can be attained, prevent a lot of damage to young crops and it takes less poison to do the job, says Clayton.

Insecticides on the recommended list are toxaphene, two to three quarts per acre; heptachlor, two to three pints; aldrin, two to three pints per acre. The insecticides should be sprayed on vegetation in fence rows bordering the cotton field while the hoppers are young. When the hoppers get larger they are harder to kill, and the dosage should be increased accordingly.

For jumbo grasshoppers, Clayton recommends a poison bait put out late in the evening or early morning. The bait should be mixed according to the following formula: 100 pounds bran, three to four quarts toxaphene, one-half gallon of lube oil; add enough water to make a thick paste (too much water will leach the poison out and render the bait ineffective). Put this bait mixture out where the hoppers are feeding in small piles about 10 to 20 feet apart.

Following are the recommended periods for withholding livestock from pastures, fence rows, fields or nearby fields treated with different kinds of recommended insecticides: Dieldrin withhold grazing animals 30 days; heptachlor, withhold grazing animals 10 days; toxaphene, withhold grazing animals 15 days.

BLESSINGS COME TO THOSE WHO DESERVE THEM

In the lore of the Orient, there is a story about a good man who built a large and prosperous business through honest toil and unselfish cooperation with his fellow workers. As old age crept upon him he began to feel concerned for the future of his business. His only living relatives were his nephews.

One day he called the young men to him saying, "One of you shall be my successor." They thanked him and each vowed to do his very best if chosen.

The old man continued, "I have a problem. He who solves it best shall have my business." So saying he handed each youth a coin. "This is a large room, but go and buy something that will fill the room as full as possible, but spend no more than the coin I have given you. Go now, but return at sunset, for I shall be waiting."

All day long the men went about the market place and among the trades people, and as shadows lengthened they made their way back to the house of their uncle. He greeted them kindly and asked to see their purchases. The first youth dragged a bale of straw into

the room. When he had untied it, it made a pile so great that it had two walls of the room. He was complimented by the others who helped him clear it away.

The second youth brought in two bags of thistle-down, which, when released, filled half the room. The other two cheered him.

The third youth stood silent and forlorn. "And what have you?" asked the aged man.

"I gave half my coin to a hungry child," he answered meekly, "and most of what I had left I gave to alms to the church, where I asked God to forgive my sins."

There was no cheering, but the youth continued, "And with the farthing I bought a flint and this small candle." And with that he struck the flint and lighted the candle which filled every corner of the room with light.

The kindly old man could not help but think of the passage of scripture which he quoted, "Well done, good and faithful servant, thou hast been faithful over a few things, I will make thee ruler over many things." And while the young man fell to his knees, the old man blessed him and gave to him all of his possessions.

Our Education Is for All

Writers so often take a great deal of delight in calling our attention to the weaknesses in our school program, and rarely ever call attention to some of the strength of the program in this country. When they talk about the failure of our school program to produce scientists, for example, on a par (though I seriously question it myself) with the scientists produced in Russia, they fail to recognize that in a democracy the masses of the people must be educated.

Throughout the history of education in this country we have operated on the principle that we are interested not just in the selective few, but we are interested in the education of the masses. For example, here in this country at age 16 approximately 70 per cent of our boys and girls are enrolled in school; whereas, in the average European country at age 16 not more than 20 per cent of the boys and girls are enrolled in school. And in the 18 to 20 age group in this country one out of every four young people is enrolled in a college or university; whereas, in the European countries only one out of 10 is enrolled in a college or university.

Furthermore, in Russia, by government edict, quotas are fixed for the different occupations and professions to determine just exactly how many must be trained to go into the different occupations.—Dr. Walter Adams, dean of Abilene Christian College.

Nuggets of Thought

To business that we love, we rise betimes, and go to it with delight.—Shakespeare.

The most successful business man is the man who holds onto the old just as long as it is good and grabs the new just as soon as it is better.—Robert P. Vanderpool.

The best part of beauty is that which no picture can express.—Francis Bacon.

The beauty seen is partly in him who sees it.—Christian Nestell Bovee.

It is perhaps the highest distinction of the Greeks that they recognized the indissoluble connection of beauty and goodness.—Charles Eliot Norton.

Every line of beauty is the expression of a thought, and shares the immortality of its origin.—Lydia M. Childs.

The vision of beauty is the greatest thing in the world, and those who can catch what the ordinary eye cannot see are among the great people of the world.—General Jan Smuts.

Who knows much hath many cares.—G. E. Lessing.

Time to Speak Out

Regardless of political parties and all the methods used to gain votes, citizens must continue to work and eat, and industry must produce if jobs are to be provided and our government remain solvent.

It takes more than political slogans to maintain a nation. They mean nothing unless the principles behind constitutional government and a free enterprise are upheld.

Business and industry are awakening to the fact that they must tell their story as persistently and as emphatically as all the agencies that prey upon them, if they are to help counteract the forces both in and out of government, that would scuttle them for political gain.

It is not a question of seeking an advantage for any company but of perpetuating a system of opportunity for all.

Editorial of the Week

THE FARMER, LAND AND MONEY.

Throughout history farming has been an honorable occupation, and remains so today, even though this is an age of rocket missiles, jets and satellites.

In spite of all the progress, the farmer's product is still vital, his annual toil mandatory for our survival. Suppose, for example, that all farmers decided to strike during one harvest season such as some unions do. The population would soon begin to become destitute.

But the farmer doesn't strike. He is largely unorganized. He is independent-minded, sometimes too much so. Usually he doesn't make a lot of money—unless he is a big farmer, with much land and machinery. What then are his compensations? Why do capable young people still decide to farm?

There are rewards. One is the outdoor life. Another is the inspirational value of working the land, with nature, against the weather. Another is the lack of petty scheming in the daily occupational grind—for much of the work of the farmer is physical.

And the wonders of nature, the changes every season, and the wisdom and secrets of the earth and sky and sun and winds, are usually better understood and appreciated by the farmer. He can breathe good air, knows where and how to hunt and fish, and often enjoys animals, especially horses, far more than his city-slicker cousin.

And at the end of life, even if there isn't a pile of money, the farmer has usually lived a full life, a better life, than that of many a foot-covered "metropolitan."—Garrison News.

No rest for this Chevy... round the clock the engine never stops!

At Washington's bustling National Airport, Allied Aviation Fueling counts on its radio-equipped Chevy to get crews and tank trucks to the right planes at just the right time. Aside from occasional time out for the usual service, its Thrift-master 6-cylinder engine has been running 24 hours a day for the past 9 months!

Once you've got that kind of endurance working you don't worry much about lost job time. Breakdowns go out of style the day your Chevy goes into action.

The fact is, Chevrolet trucks are dead set on dropping the word "downtime" right out of the English language. And they just might, if precision engineering and top-quality materials have anything to say about it. Chevy trucks are put together to stay together—incorporating the most advanced chassis developments, the most efficient 6-cylinder and V8 engine designs. They're built to last, built to keep Chevrolet's hard-earned reputation for reliability flying high.

Going into the real heart of Chevrolet advantages is where your dealer comes in. He'll show you, in feature after feature, that you can't buy more truck dependability—in any weight class—at any price.

No job's too tough for a Chevrolet truck!

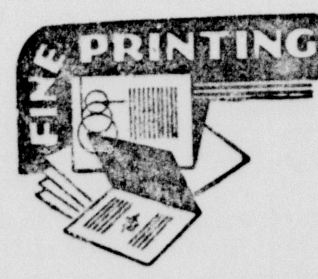

See your local authorized Chevrolet dealer

Cardinals Take Tighter Grip on Lead For Little League After Fourth Week

Hamlin Cardinals, who have commanded the standings in the Little League baseball play pretty well all season, took a further grip on the league lead after last week's tilts. Four games were played.

The Cardinals beat the Giants 11 to 5 and trimmed the Yankees 2 to 1. The Braves held their second place rating by losing to the Yankees 10 to 7 and winning over the Giants 6 to 1. The Cardinals, with a 5 to 1 loss to the Braves, slid farther down the percentage ladder but maintained their stand above the cellar-bound Yankees. The Yankees beat the Braves 10 to 7, and lost to the Cardinals 2 to 1.

June 8—Yankees 10, Braves 7.

In last Monday night's game the Yankees bested the Braves 10 to 7 in a tilt that ran up 13 hits. Errors also played a vital part in the melee. The Yankees made 10 runs on only five hits, while the Braves were able to put over only seven runs on eight bingles. The Braves scored first in the first inning after the first two men walked and the fourth man, George Smith, singled to score R. Jones, the lead-off man. Again in the second the Braves tallied on two walks, a hit batter and stolen bases. In the fourth the Braves counted three runs on two doubles and two singles. And in the sixth the Braves pushed over two more runs on four walks and a two-bagger. The Yanks made three runs in the third on four walks and a three-baser. Five more

NOT BAD AT THAT.

In a certain class a teacher asked her young pupils to draw a picture of the Christmas nativity scene. All the youngsters turned in conventional drawings, except little Robert, who drew one round figure.

When the teacher asked about the rotund little man, Robert replied, "Oh, that's Round John Virgin."

runs came in the fourth on five walks, a double and a single. In the sixth two more tallies came on four walks and a double.

June 9—Cardinals 11, Giants 5.

In Tuesday's session, the Cardinals turned 10 hits into 11 runs to take the game 11 to 7 over the Giants, who got seven hits. The Cards tallied four runs in the first inning on two walks, an error and a home run by Jimmy Inzer. Another run came in the second on a single and a double. Again in the third the Cards marked with two singles. In the fourth they scored two on a hit batter, two singles and an error. Topping the tilt with three more runs in the fifth on three singles, a hit bat-and-a walk. The Giants put over three counters in the second on a walk and two singles. They counted two more in the fifth on two singles and a walk.

June 11—Cardinals 2, Yankees 1.

One of the best games of the season was the Thursday night melee between the Cardinals and the Yankees, which the Cardinals took by a 2 to 1 score. The winners garnered five scattered hits, while the Yankees made only one hit, a single by Snapp. The Cards tallied first in the third inning on a single, a walk, a fielder's choice and a hit batter. The other tally came in the fifth on a walk, a two-bagger by Inzer and a single by McCurdy. The Yankees pushed over their marker in the fifth after two men were out, and Foster singled, stole second and went home on a single by Snapp.

June 12—Braves 6, Giants 1.

Friday night's game was a good

one as the Braves bunched their six hits for six runs, while the Giants garnered seven bingles but tallied only one run. The Giants' lone score came in the first inning when Miller led off with a double and scored when Perry, third man up, singled. Tight ball playing by the Braves kept the Giants from scoring in the third when Webb led off with a double and made it to third when Stanley Smith singled after Bruner got on a walk to load the bases. Then Smith fanned two batters. The Braves tallied three in the second on two walks, a double and two singles. In the fifth H. Jones scored on an error after singling and three other errors by the Giants. Again in the sixth the Braves tallied two more on two singles, a sacrifice and a stolen base.

SURE SIGN.

Son—"I think we've got company downstairs."

Daughter—"What makes you think so?"

Son—"Daddy just told a joke and Mama laughed at it."

Plans for Vacation Should Include Several Vital Advance Arrangements

So you're going on vacation! Just load up the trunk, herd the family into the car and away we go—but hold on a second. It's not quite that simple.

Lots of things to be done before you start. Such as:

1. Stop milk and newspaper deliveries. Ask a neighbor to keep advertising circulars off your porch.

2. Don't lower window shades. This is a tip-off for burglars. And make sure someone mows your lawn while you're gone—several inches of grass is a sure sign you're away from home, too.

3. Tell the post office to hold your mail or arrange delivery to a neighbor.

4. Lock windows and doors. Don't forget basement windows and the coal chute.

5. Tell the police how long you will be gone and where you can be reached in an emergency.

6. Shut off gas and water at main valves. Electricity can be shut off at the master switch, unless the freezer or refrigerator is to be left on.

And from the National Safety Council come these tips on what to do before you leave on vacation:

1. Have our car serviced thoroughly. Give special attention to lights, brakes, tires, steering and windshield wipers.

2. Take a flashlight along for use in emergencies. Equally han-

dy is a "trouble light" that can be plugged into the cigarette lighter receptacle.

3. Make sure you take along necessary equipment for repairing a flat—spare tire (is it inflated?), jack and tools.

4. Put a first aid kit in your glove compartment—and be sure the contents are not stale or missing.

One additional council suggestion: "Start early on your vacation, and don't plan to drive too far in a day. Make this a vacation you'll really enjoy."

CALLING ON THE TRADE.

The salesman had had a long and unprofitable day, and was making his last call before calling it quits.

"I'd like to see Mr. Hallentop," he said to the secretary.

The girl took the salesman's card, walked into the buyer's office and returned quickly. "I'm sorry," she purred, "but Mr. Hallentop says to tell you that he can't see you. He says he just strained his back."

"Well," growled the salesman, "you go right back in there and tell Mr. Hallentop that I just want to talk to him, and that I didn't come here to wrestle."

The daughters who once were tied to their mother's apron strings now maintain a long distance connection.

Dr. Pattillo Goes To State Meeting Of Chiropractors

Dr. William A. Pattillo of Hamlin was among the more than 500 chiropractors from over the state who attended the forty-fourth annual convention of the Texas State Chiropractic Association, held at Brownsville June 11 through 14.

Educational and research lectures made up the convention program. Outstanding lectures were heard from Dr. James Parker of Fort Worth, head of the Parker Research Foundation; Dr. Royal Lee, dentist from Milwaukee, Wisconsin; Dr. Robert N. Thompson, chiropractic missionary to Ethiopia. Dr. Thompson has conducted extensive research with lepers as well as his missionary work. He has been instrumental in establishing a chiropractic leprosy hospital in Ethiopia.

The state correct posture contest was conducted Friday night. Lucille Allen of San Antonio was named Miss Correct Posture of Texas. Runners-up in the contest were Jan Glazier of El Paso and Pat Reoun of Corpus Christi. District No. 7 (including the Hamlin area) was represented in the posture contest by Scarlett Jo Kidd at Aspermont. District No. 7 won first place in the scrap-book contest, making the fourth consecutive year for winning this honor.

Houston was selected as the convention city for 1960.

Freight Carloadings For Santa Fe Still Up

Freight carloadings of the Santa Fe Railway System for the week ending June 6, 1959, were 25,199 compared with 20,612 for the same week a year ago, reflecting a gain that has persisted for several months. Cars received from connections totaled 12,869 compared with 9,844 for the same week a year ago.

Total cars moved were 38,059 compared with 30,256 for the same week a year ago. Santa Fe handled a total of 38,060 cars in the preceding week this year.

The Herald's Page for Women

Mr. and Mrs. Horace E. Brown Honored Sunday Eve on Fiftieth Anniversary

Children and families of Mr. and Mrs. Horace E. Brown, pioneer couple of the Hamlin community, honored them with an open house on their fiftieth wedding anniversary Sunday evening at the family home in Southwest Hamlin.

Brown was born March 3, 1886, at Tellahama, Tennessee. He and his family moved to Texas during his boyhood. Mrs. Brown, born Laura Jane Beard on October 17, 1891, at Cooper, moved with her family as a girl to the Tuxedo community east of Hamlin, where the couple was married at the home of the bride's parents, Mr. and Mrs. A. B. Beard, on June 16, 1909.

The pioneers have lived in and around Hamlin for half a century. He is now employed at the Hamlin Elementary School cafeteria. He farmed and was in the dairy business for many years. Mr. and Mrs. Brown belong to the First Baptist Church, where he has been a deacon for many years, and she taught a Sunday School class for several years.

All six of their children were hosts at the party. Also 10 grandchildren and two great-grandchildren attended. The children are Roy L. Brown of Andrews, Cecil E. Brown of Hamlin, Mrs. Homer

L. Neal of Hamlin, H. V. Brown of Menahans, Charles Brown of Galveston and Mrs. S. R. McMullan of Abilene.

The tea table was laid with an ecru hand-crocheted cloth over gold taffeta and featured appointments in gold. The cake, designed as an open Bible, was inscribed in gold. An heirloom crystal and delicately painted knife belonging to Mrs. Brown's parents was used. The centerpiece consisted of miniature wedding pictures of the couple surrounded by yellow carnations.

In the house party were Mrs. Roy L. Brown, daughter-in-law, who served punch; Mrs. Cecil E. Brown, daughter-in-law, who said good-byes; Mrs. H. V. Brown, daughter-in-law, who served the cake; Mrs. Charles Brown, daughter-in-law, who assisted at the table; Mrs. V. L. Dopson, a niece; Phyllis Brown, a granddaughter; Mrs. Doyce Kolb, granddaughter, who presided at the register; and Mrs. Beadie Middlebrook; Mrs. Nelson B. Williams and Mrs. H. B. Harvick.

Approximately 175 relatives and friends called during the afternoon. Attendees were registered from Los Angeles, California, Enid, Oklahoma, Anson, Abilene, San Angelo, Snyder, Menard, Corpus Christi, Big Spring, Austin, Stamford, Petersburg, Lamesa, Ozona, Lubbock, Wichita Falls, Throckmorton and Dallas.

BACK FROM VACATION.

Mr. and Mrs. J. D. Fleckenstein and daughter, Pat, and son, Ronnie, are back from a two-week vacation to Harrison, Arkansas, in the Ozarks and other points including Fort Worth, Odessa and Midland.

See The Herald for paper clips

THESE WOMEN!

By d'Alessio

"Madam, I do NOT have a drinking problem! I said I was a member of AAA - NOT AA!!"

Milk Helps Combat Summer Fatigue, Say Experts on Nutrition

Rising temperatures call for lighter meals and more liquids.

So when you serve something cold to drink, make it milk. This is a good way to make sure that every adult member of the family gets that daily pint of milk so necessary to good health, and that youngsters get at least a quart.

Milk rates at the top of the list of thirst-quenchers, says the Texas Extension Services.

Milk furnishes plenty of high quality proteins and energy to give you strength to resist summer fatigue.

How good milk tastes just as it is—fresh and cold! But if you want to dress it up, add chocolate or maple syrup to suit your taste. For something special, try this flip made with buttermilk: You'll need six tablespoons of fresh lime juice, one-fourth cup sugar, a dash of salt, green food coloring, six cups buttermilk and some fresh mint sprigs. Combine all ingredients except mint and mix well. Pour into cold glasses and top with mint.

VISITS WITH SISTER.

Mrs. John W. Grisham of Abilene, is spending this week as a guest in the home of a sister, Mrs. Florence Cowan.

Mrs. Wilson Attends State B&PW Session

Mrs. E. M. Wilson was a delegate from the Hamlin Business and Professional Women's Club to the state convention of B&PW Clubs meeting at Tyler last weekend.

Eight hundred and eighty-five delegates and visitors attended the convention, and Tyler was advertised as the "Rose Center of the World."

National and international representatives were on hand, and Kathryn Peden, first vice president of national, was the convention's featured speaker. "Effective Living" and "World Peace and Understanding" were the two themes stressed in all the meetings, Mrs. Wilson reported.

Property Insurance Is Program Topic at Good Neighbor Club

Informative program on property insurance was given by Mrs. Mildred Weaver at the final meeting of the summer of the Good Neighbor Home Demonstration Club May 26 at the Neinda community center.

Purpose of property insurance, it was brought out at the meeting, is to provide protection against the risk of loss which would lead to financial difficulty that might even lead to bankruptcy. There are many types of insurance for the farmer as well as the urban family. Each family situation should be considered individually, and insurance selected to fit the needs of both the family and their own property.

One of the outstanding forms of insurance is fire insurance. Robbery and theft, crop, livestock, extended coverage are some of the other forms. Extended coverage includes windstorm, cyclones, tornadoes, hurricane, hail, explosions, falling aircraft, as well as riots, smoke and damage from motor vehicles besides many other things.

Know your insurance agent, and be sure you are dealing with a reliable company, urged Mrs. Weaver. Read your policy and understand it. In the event of a loss, call your agent and file a loss statement at once.

Eight members and one visitor were present. Refreshments were served by Mrs. Charlene Joiner, the hostess.

Good character is still the best collateral for a loan.

New Officers Installed for Ensuing Year by Hamlin Order of Eastern Star

Mr. and Mrs. Don Lock were installed worthy patron and worthy matron of Hamlin Chapter No. 460, Order of the Eastern Star, in ceremonies Thursday evening at the Masonic hall.

Charlie Abbott of Hamlin was installing officer. Those who assisted him were Mrs. R. H. McCurdy of Hamlin, installing marshal; Mrs. C. B. Barth of Rotan, installing chaplain; Mrs. Clyde O'Grady of Abilene, installing secretary; and Mrs. Charlie Abbott of Hamlin, installing organist.

Other officers installed were: Mrs. Bonnie Bigham, associate patron; Mrs. Fred Smith, secretary; Mrs. A. Hudson, treasurer; Mrs. Sam Ferguson, conductress; Mrs. I. D. Miller, associate conductress; Mrs. Clarence Hyer, marshal; Mrs. Dick Maberry, organist; Mrs. Tobie Weaver Ada; Mrs. Roy Watson, Ruth; Mrs. Viva Varner, Esther; Mrs. Tom Carter, Martha; Mrs. Joe League, warder; Clarence Hyer, sentinel. Mrs. Charlie Sellers, who was appointed Electa, will be installed at the July meeting.

Decorations for the chapter room were baskets of pink roses and greenery. Other cut flowers were used throughout the other rooms in the hall.

Mrs. Joe Tate of Slaton, aunt of the worthy matron-elect, presented the Bible. Mrs. Clarence Hyer, retiring worthy matron, gave the welcome and introduced the installing officer.

In an address by the newly in-

Sandra Gayle Bishop To Marry in August New Braunfels Man

Mrs. William B. Britton is announcing the engagement and approaching marriage of her daughter, Sandra Gayle Bishop, to Talmage Eugene Higginbotham, son of Mr. and Mrs. W. Floyd Higginbotham of New Braunfels.

Miss Bishop is a graduate of Alamo Heights High School in San Antonio, and attended Southwest Texas State Teachers College at Huntsville.

Her fiancé is a graduate of New Braunfels Senior High School and attended San Antonio College before going into manager training with Sears, Roebuck & Company.

The wedding is planned for August 22 at the First Baptist Church in Hamlin, with the pastor, Rev. Calvin Bailey, officiating.

STATE CAPITAL - Highlights AND Sidelights by Vern Sanford TEXAS PRESS ASSOCIATION

Austin.—When tax bills were finally passed by both the Texas House and the Senate, it was not dollars, but ideas that delayed agreement.

House bill was designed to raise about \$150,000,000 over the next two years; Senate bill, about \$160,000,000. Big difference was in where the money would come from. House bill was divided evenly between selective sales taxes on natural resources and corporation franchises.

Senate, which heard a long string of witnesses on the dangers of shutting prosperity-making industries out of Texas, changed the

Heavy Infestation Of Cotton Insects Reported in State

Rain has been general over much of the state with continuous showers along the coast, and thrips continued to be a problem in the East, Central and North Central areas, declares the weekly cotton insect condition report prepared by the Texas Agricultural Extension Service in cooperation with the plant pest control division of the U. S. Department of Agriculture. Highlights of the report continue:

Heavy fleahopper migrations began early in the week in the Coastal areas with infestation counts as high as 300 per 100 terminals. Counts of 200 fleahoppers per 100 plants were noted in the Brazos River Valley with nymphs, observed also. Bollworms have increased in the Lower Valley with widespread infestations. Boll weevil build-up has been gradual in the Lower Valley, but is continuing to increase.

Other areas in the state reported light infestations of weevils with isolated hot spots. Half-grown to full grown larvae of the cotton leafworm were found in Matagorda and Calhoun Counties, but only in spotted infestations. Other insects reported were cabbage loopers, spider mites, square borers, aphids and grasshoppers.

In the Hamlin sector light to medium thrips populations were observed in Knox and Rannels Counties. Grasshoppers were reported causing damage in Rannels and Scurry Counties. Darkling beetles were also causing damage in Scurry County.

WIGGINS VISITS HAMLIN.

Ed Wiggins, former educational and music director of the First Baptist Church at Hamlin, was here Monday visiting with friends. He has been living in Fort Worth and attending Southwestern Baptist Theological Seminary, where he lacks six semester hours of finishing. He is educational director at the First Baptist Church of Grapevine.

BUSINESS VISITOR HERE.

Bill Eysen of Independence, Kansas, former Hamlin attorney, was a business visitor in Hamlin Tuesday.

MRS. HARRIS IS AGENT.

Mrs. Vernon Harris of 401 Northwest Avenue H, has been appointed agent for the Abilene Venetian Blind & Awning Company, according to announcement by the company.

Hamlin Girls Take Part in Bluebonnet State at Capital

Peggy Dodd and Patricia Bigham, Hamlin High School juniors, the past year, are in Austin this week attending sessions of the Bluebonnet Girls' State now in progress, at the Texas School for the Blind. Peggy is the daughter of Mr. and Mrs. Curtis Dodd, and Patricia's parents are Mr. and Mrs. Thomas Bigham.

Peggy was elected councilman of her city in elections held last week. She is assigned to the Federalist party and is residing and voting in her county.

The girls were sponsored by the Hamlin Rotary and Lions Clubs in cooperation with the Sylvester post of the American Legion Auxiliary.

The 1959 session of Bluebonnet Girls' State has grown from an experimental conference of 94 girls at Baylor University in 1941 to become the biggest single extracurricular educational program for high school girls in Texas. This year a full quota of 400 girls, the largest number which can be presently accommodated at the Texas School for the Blind, are in attendance, making a total of almost 5,000 girls who have participated in this top level citizenship training program. Citizens are selected at the local levels on a basis of character and leadership from students who have completed their junior year in high school each year.

The Hamlin girls are due to return home Friday.

VISITING YOUNGS.

Mr. and Mrs. Jess Young picked up their daughter, Mrs. Bill Pfeiffer, and girls, Barbara Jane and Elizabeth, of Corpus Christi. Mr. Pfeiffer will come Friday and the visitors will spend their vacation with the Youngs.

Cotton Quiz

McClung at Confab For Cottonseed Group

R. L. McClung, manager of the Midwest Cooperative Oil Mill at Hamlin, was in Houston last week attending the annual convention of the Texas Cottonseed Crushers Association.

Several hundred members and their families attended the sessions, which featured outstanding speakers on the cotton and cottonseed industry.

Accompanying McClung to the Bayou metropolis were Mrs. McClung and daughter, Thelma, and Mary Smith.

INFANT MANEUVER.

A car screamed to a halt at an intersection, barely missing a white haired old lady. But, instead of giving the driver a tongue lashing, she recovered herself quickly, smiled sweetly and pointed to a pair of baby shoes dangling from his rear view mirror.

"Young man," she asked, "why don't you put your shoes back on?"

It'll pay you to remember that the cost of experience has gone up like everything else.

Early Poisoning Of Cotton Insects Urged by Agent

Recent checks in several cotton fields in Jones County this week by County Agent Kirby Clayton revealed a rather heavy thrip infestation in some of the older cotton. Clayton says that the thrips are causing considerable damage to the young cotton, and early season application of one to one and one-half pints of toxaphene, heptachlor, aldrin or dieldrin per acre should be applied for controlling these insects.

The thrips suck on the young forms in the terminal bud and cause them to fall off. They also stunt the young plants.

Cotton aphids were reported in some of the fields checked, but were not considered severe enough to warrant poisoning. One pint of malathion added to the early season mixture will control the cotton aphid.

Grasshoppers were reported to be damaging some fields, and farmers are poisoning along fence rows to control the young hoppers.

Rabbits are reported damaging fields of young cotton and truck crops in several areas of the county. Clayton says that the strychnine oats are doing an excellent job over the county where applied properly.

COMPANY POLICY.

Gyp Customer—"Sorry, but I haven't any money to pay for that meal I just ate."

Cashier—"That's all right, we'll just write your name on the wall and you can pay the next time you come in."

Gyp Customer—"Don't do that. Everybody will see it."

Cashier—"Oh, no they won't. Your overcoat will be hanging over it."

TOO EARLY ON DRAW.

Boss—"Jones, what does this mean? Someone just called up and said that you were sick today and couldn't come to work."

Employee—"Ha, ha! The joke's on him. He wasn't supposed to call up until tomorrow."

MAKING MUSIC TOGETHER—Van Cliburn, the 24-year-old Texas concert pianist, strolls the London streets hand-in-hand with Tonia Dorati, 18. Miss Dorati, linked romantically with the curly-haired keyboard artist, is the daughter of Minneapolis Symphony Orchestra Conductor Antal Dorati, currently in Britain for a series of concerts. Cliburn also is on a European tour.

LAST TRAINS

(concluded from page one)

"diebug" old time Hamlin residents this week were recalling the time when nearly 50 years ago the old Orient Railway (later purchased by the Santa Fe System) operated four passenger trains per day of several coaches. They did a booming business before the automobile and truck invaded the transportation picture.

Steam engines operated the trains through Hamlin until about 1947, while the Santa Fe System changed most of its motive power to diesel-electric locomotives. The passenger train business gradually decreased from the four trains a day to two, and the size of the trains kept dwindling as the passenger business decreased.

The Santa Fe, of course, will continue all its freight train runs through Hamlin, declares Weldon Johnson, Santa Fe agent, who says no personnel will be directly affected here by the removal of the "doodlebug."

Johnson pointed out that the Santa Fe does a big freight business through this section, and operates a switching train at Hamlin the year around.

UNLIKELY CLIENT.

One of those high pressure salesmen was doing a house-to-house canvass by telephone.

"Hello," answered an obviously small boy.

"Let me speak to your mother or father," the salesman requested brusquely.

"They're not home," said the small boy.

"Is there anyone else there I can talk to?" requested the salesman.

"My sister," came the reply.

"Well put her on," said the salesman.

There ensued a long silence, then the little boy's voice finally came back on the phone: "I can't lift her out of the play pen."

HYGIENIC MATTERS.

"Willie," said the teacher, "your face is fairly clean, but how did you get so much dirt on your hands?"

"Washin' my face."

WHEAT QUOTA

(concluded from page one)

10-state non-commercial wheat producing area for 1960.

If producers approve marketing quotas, under the proclamation announced June 1, the national average support price available to eligible growers in the commercial area will not be less than the minimum support to be announced before the referendum. On the basis of the present supply of wheat and present legislation, the legal minimum wheat support price for the 1960 crop would be at 75 per cent of parity. Individual farm marketing quotas will be the normal production or the actual production from the farm acreage allotment, whichever is larger.

The 1960 national wheat acreage allotment of 55,000,000 acres is the minimum fixed by law and is the same as for the 1958 crop. If the allotments had been determined solely on the basis of the law's supply formula, the 1960 allotment would have been zero acres.

At least two-thirds of the producers voting in the referendum on July 23 must approve quotas for the 1960 crop if they are to be in effect. Growers who will have more than 15 acres of wheat for harvest as grain in 1960 in any one of the 39 commercial wheat states come under the regulation of quotas and will be eligible to vote in the referendum.

Crusade for Cancer Goal Surpassed with More Contributions

Additional contributions received since the May 21 report put the Jones County Cancer Crusade over the top of the goal of \$2,625. County Chairman Ed Sprowls of Anson announced this week.

Total for this, the final report, is \$2,648.60, which is \$23.60 over the quota. Contributions amounting to \$13 from Funston, \$25 from Hawley and \$39.49 from Anson boosted the total over the quota. Sprowls expressed appreciation to all workers and contributors in the crusade.

Following is the report by communities: Neinda, \$52; Stamford, \$75.18; Hamlin, \$75.13; Corinth, \$54.25; Lueders, \$59; Plainview, \$10.50; Avoca, \$58.82; Noodle, \$62.28; Nugent, \$43.98; Anson, \$613.74; Hawley, \$89.40; Truby, \$12.35; Hanna, \$25.47; Tuxedo, \$20.50; Fairview, \$19; and Funston, \$13.

M. L. Rhotos Win Week-End at Hotel

Mr. and Mrs. M. L. Rhotos and son, Elmer, of Hamlin will be spending this week-end "on the house" at the new Baker Hotel in Colorado City.

The complimentary stay, with all meals, was won by the couple in a radio contest conducted recently by the hotel. They will leave Friday and return Sunday.

VISITS AT PARIS.

Mrs. Ed Bailey spent 10 days at Paris visiting with her daughter, Frances Bailey.

VISIT FROM POST.

Mr. and Mrs. George Burton Hill and children of Post spent Sunday with their parents and grandparents, Mr. and Mrs. Jess Young.

GUESTS FROM WYOMING.

Mr. and Mrs. Guy Greenway and little daughter, who live in Wyoming, are visiting their parents, Mr. and Mrs. Roscoe Greenway, east of town.

Atomic Radiation Helps to Preserve Foods, Declares Congressman Burleson

Frankfurters and pork chops preserved by exposure to atomic radiation more than three years ago appear to have just come from the meat market, declares Congressman Omar Burleson of Anson in his weekly news release from Washington. He continues:

The Army Quartermaster Corps is experimenting with radiation on many different types of foods. Although applied with good results to vegetables and milk, researchers have had particular success in preserving meat for an indefinite period of time. Loin pork served to troops after being stored for 10 months at room temperature was said to be just as tasty as fresh meat. Steak has kept its color, texture, odor and flavor for more than a year after being treated.

The government's mandatory oil import restriction program has brought a reduction in total imports of nearly a million barrels a day in the last three months. As a result, domestic drilling and production operations are increasing.

Economic reports reflect that after the usual production decline this summer, the prospects are exceptionally good for business during the last three months of this year. Some "guessers" predict that during the last quarter of 1959 business profits will be the highest of the year, and may break all previous records.

It is predicted that there will be a real boom in automobile production and sales next year. The three biggest automobile manufacturers will make smaller and cheaper cars, likely to sell at about \$2,000. The car makers will still have a difficult time competing with the small foreign made cars.

As a further indication of economic conditions, sales in many retail stores are considerably higher than last year. More debts are being paid than a year ago, and delinquencies are low. Job prospects for school graduates are better this year than last.

Hearings have started in the Congress on a bill drastically revising the veterans' pension program. It proposes to scrap the flat rate principle for non-service connected disability pensions. It would put the benefit plan on a graduated basis according to actual need.

Instead of granting the same monthly amounts to any qualified veteran the benefit scale would be based on the veteran's outside income and that of his wife if she works, the number of dependent children, and the extent of his non-income producing assets.

For example, under this system a veteran with two dependents and outside income not exceeding \$1,020 a year would have his pension upped from \$729 to \$1,140 annually. But the man with two dependents and outside income of \$2,460 would get \$420 instead of the present \$734.

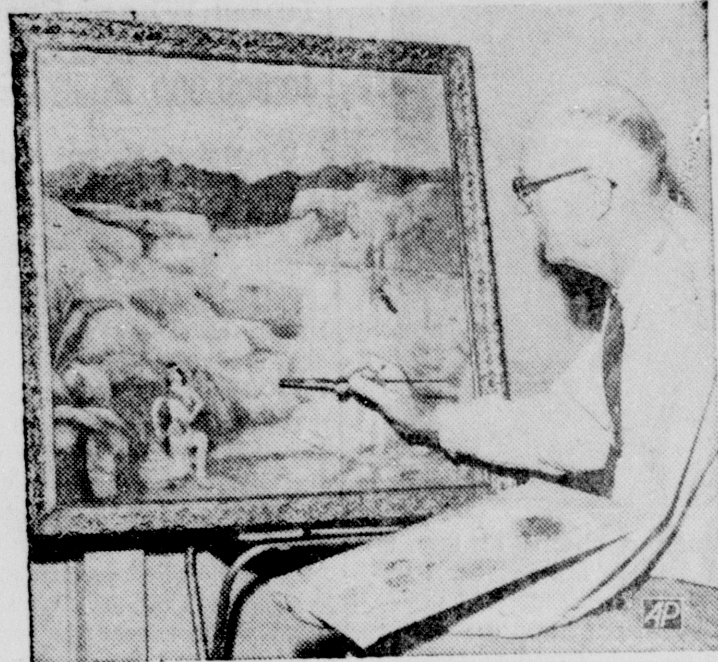

It is understood the president favors the change. The big veterans' organizations have tentatively approved of it.

Disabled veterans now on the rolls stand to gain. Future pensioners with relatively high incomes, who would receive less than under the present system, would be caught in the middle.

Very likely amendments will be added by the veterans affairs committee, but this is the general outline of a bill which they hope to develop.

VISITS FROM VIRGINIA.
Mrs. P. E. Stewart of Addington, Virginia, is on an extended visit with her daughter and family, Rev. and Mrs. Calvin Bailey.

VISIT FROM GREENVILLE.
Mrs. Ray Davis and son, LaFoy, are spending a few weeks with her parents, Mr. and Mrs. LaFoy Patterson.

ARTISTIC SHERIFF—Deputy Sheriff Jess McGee of Bryan, who has shot it out with criminals, and drives an auto cockmarked with bullet holes, is shown here deriving his greatest pleasure in art work.

Slight Decline Made In Total Attendance At Sunday Schools

A slight decline in Sunday School attendance at the 12 reporting Hamlin churches was recorded Sunday. The 1,216 total was 27 less than the previous week but was 59 more than the year ago total of 1,157.

Attendance, by churches, for June 14, June 7 and a year ago follows:

Churches—	June	June	Year
	14	7	Ago
Faith Methodist.....	71	61	41
Ch. of Nazarene.....	68	72	90
Oak Gr. Col. Baptist.....	59	90	59
No. Cen. Baptist.....	59	69	70
First Baptist.....	355	360	356
Foursquare Gospel.....	73	62	61
Church of Christ.....	150	160	161
First Methodist.....	197	208	178
Assembly of God.....	46	31	23
Sunset Baptist.....	44	42	37
Mexican Baptist.....	40	43	51
Calvary Baptist.....	54	45	30
Totals.....	1216	1243	1157

You could end most quarrels if you could get people to define what their words mean.

Area 4-H Clubbers And Leaders Attend Buffalo Gap Camp

Annual joint district 4-H leadership camp was being held at Buffalo Gap Monday, Tuesday and Wednesday of this week, according to Kirby Clayton, county agent.

Approximately 200 club members, adult leaders and agents from the 22 counties in Extension Service District III will be attending this camp.

Campers were participating in workshops on wildlife, entomology, plant life, safety, record keeping, soil and water, and family life. Planned recreation and swimming were also a part of the program.

Those attending from Jones County included Larry Grinn, L. C. Middleton, Lester Dalton, Barbara Shuquist, Sandra Garrett and Marverine Shuquist. Home Demonstration Agent Mary Y. Newberry and County Agent Kirby Clayton accompanied the group to camp.

Dissatisfaction breeds progress.

New Zealander Is Elected President Of Rotary Clubs

Harold T. Thomas of Auckland, New Zealand, was elected president of Rotary International for the 1959-60 fiscal year at the fifth annual convention of that world-wide service organization, which completed its five-day session at New York City Thursday.

Among the more than 16,000 Rotarians and guests representing 10,200 Rotary Clubs with a membership of 477,000 business and professional executives in 112 countries was C. F. Cook of Hamlin, new president of the Rotary Club here. His wife accompanied him.

Thomas is chairman of the board of directors of a furniture retailing company. He is a member of the executive council of the Auckland branch of the United Nations organization of New Zealand, and he has been an officer of furniture and furnishings trade organizations in New Zealand. He has been a member of the Rotary Club of Auckland since 1923, is a past president of that club and he has served Rotary International as vice president, director, district governor and as committee chairman and member.

Also elected to Rotary's board of directors for the 1959-60 fiscal year, which begins July 1, were Rotarians from England, Sweden, Thailand and the U. S. A.

In the formal addresses and the informal discussion groups emphasis was given during the convention to the many opportunities which Rotarians in all parts of the world have to work for the achievement of one of Rotary's principal goals—international understanding, good will and peace.

Rotary International's 1960 convention will be held in Miami, Florida, May 29 through June 2.

VISITING RELATIVES.
Mr. and Mrs. Clyde Whitaker of Shallowater were visiting relatives around Hamlin over the week-end.

Travis Conner Wins Saturday's Drawing For Appreciation Day

Travis Conner was last Saturday's winner of the Appreciation Day first prize from the treasure chest. His 20 per cent coupon paid him \$48.

Consolation prizes went to the following: Chessie Perdue won the gift from Reynolds Drug; Roy Pritchard won the award from Bailey's Department Store; and Ruthie Mae Cooper won the gift from Carlton Hardware.

Treasure chest for Saturday's drawing at 4:00 p. m. will amount to \$281.60, according to the Appreciation Day committee. Consolation prizes will be given to three other winning coupon holders in the drawing by merchant, participating in the project.

It's all right to speak straight from the shoulder providing it originates higher up.

TO BE INSTALLED as new president of the Hamlin Lions Club for the club year beginning July 1 at a ladies' night dinner tonight (Thursday) at the old mill guest house is Donley M. Williams (above), Hamlin department store manager.

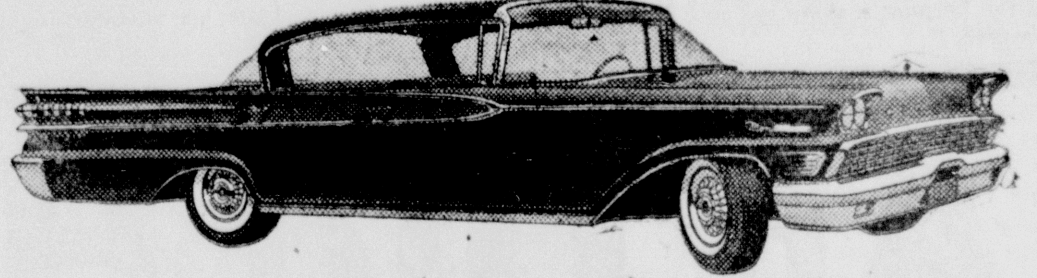

Celotex Sales for Six Months Show Gain Over Same 1958 Half

Sales of the Celotex Corporation were \$34,325,515 in the six months ended April 30, up 20 per cent from sales of \$28,419,247 in the corresponding period last year, Henry W. Collins, president, reported this week in a release to The Herald.

Sales of the Hamlin plant of the concern, included in the total, likewise have shown an increase.

Net earnings were \$1,629,020 after all charges and income tax provisions, as against \$382,370 in the first half of 1958. The latest half-year earnings were equal, after preferred dividends requirements, to \$1.45 a share on 1,028,651 shares of common stock outstanding, compared with 24 cents a share on the same shares a year ago.

Accidents Lead All Causes of Deaths To Young People

Accidents know no peer as a killer of young people, the National Safety Council reports. It cites this evidence:

More persons 15 to 24 years of age die in accidents than from all diseases and other causes combined.

Accidents are the leading cause of death among persons in the one-to-36 age group.

The motor vehicle is the No. 1 accidental death dealer among persons aged five to 24. Falls are No. 2.

The council says accidents cost the nation nearly \$12,000,000,000 a year.

Nearly one in three hospital emergency room patients is an accident victim. Accident victims spend more time in the hospital, on the average, than other patients.

An American is hurt in an accident every three seconds. One person is killed every six minutes.

"These are pretty shocking statistics," the council said. "They certainly emphasize the urgent need for keeping a sharp eye out for hazards."

SPECIAL SPEAKER at the Wednesday noon luncheon meeting of Hamlin Rotary Club was **Jane W. Wagner** of Brownwood (above), operator of the Arcadia Book Shops in Brownwood and Dallas. He showed pictures and talked on a recent trip to Europe.

MISS AGNEW IMPROVES. Johnnie Agnew of Hamlin made a trip to Temple Sunday to bring his sister, Bertie Agnew of Anson, home. Miss Agnew recently had surgery at the Scott & White Clinic and Hospital at Temple. She is much improved, late reports indicate.

Auction Sales Dates At Fort Worth Slated By Market Institute

Cattle raisers and handlers of the Hamlin territory will be interested in the setting of new dates by the Fort Worth Livestock Market Institute for auction sales to be held at the Fort Worth Stockyards for the next five months.

The dates scheduled are: June 18, all breeds; July 9, Herefords; July 10, Angus; July 23, all breeds; August 6, all breeds; August 20, all breeds; September 3, all breeds; September 17, Herefords; September 18, Angus; October 1, all breeds; October 15, all breeds.

"We have tried to schedule auction sales about every two weeks for the next five months because we feel that our customers will be busy working in the fields and would not have time to come to an auction sale every week," declares Jeff Pruitt, manager of the Fort Worth Livestock Market Institute, in a letter to The Herald.

"Past sales have proven that the livestock producers in the state want an auction sale here at the Fort Worth market, and we are trying to make this sale their sale," Pruitt continues.

The person who is afraid to admit his mistake is making another.

CUTIE PIE. DARLA HOOD leads a chorus of tiny tot glamour in this scene from Allied Artists' "Little Rascals Varieties," playing Saturday only at the Ferguson Theater. Darla, Spanky MacFarland and Buckwheat head the cast of highly talented youngsters in this delightful and wholesome film treat.

Invaders Ball Team Defeats Snyder Hogs In Sunday Tilt 16 to 6

Hamlin Invaders, colored baseball team managed by Andrew Sparks and captained by Buddy Haley, Sunday defeated the Snyder Hogs by a 16 to 6 score in a thrill-filled game played on the Hamlin High School diamond before a rowdy crowd.

The Invaders garnered 12 hits

off Cobb of Snyder, and errors helped to run the score to 16. John Henry Chase lambasted a three-bagger for Hamlin, while Willie M. Jones, Claude B. Bolin, Charles Marshall and Roy Lee Smith got two-basers. The Snyder boys got only one safe hit, but miscues by the Invaders allowed six runs to be scored.

The Invaders had previously lost to Snyder by a 2 to 3 count in a tilt played at Snyder.

All kinds of pencils at Herald.

Texas Wheat Crop For 1959 Forecast at 43,800,000 Bushels

Department of Agriculture at Washington Wednesday forecast Texas' wheat production for 1959 at 43,800,000 bushels, the same as a month ago.

This forecast is about 13,000,000 bushels above the 1948-57 average, but well below last year's 73,040,000-bushel bumper crop.

The forecast was 1,000,000 bushels over two months ago, when dry weather caused Texas wheat to suffer. Rains improved the situation greatly.

Nationally wheat production was forecast at 1,181,596,000 bushels, which would enlarge the surplus. It compares with last year's record breaking 1,462,218,000 bushels and with the 10-year average of some 1,074,790,000 bushels.

Official forecasts say that a billion bushels would meet domestic and export market needs. The excess would be added to a record reserve and surplus of 1,285,000,000 bushels. Most of the surplus is held by the government under the farm price support program.

Little Rascals Feature Family Picture Set At Ferguson Theater

Gaiety reaches a high pitch at the Ferguson Theater Saturday where Allied Artists' "Little Rascals Varieties" makes its bow before a delighted applauding audience.

Sparkling with deathless, universal humor, here is an exciting cinema offering of music and comedy to please young and old alike.

Here is bubbling screen entertainment that proves rich humor when it springs innocently from children can be block-busting in its power.

Here is an appealing combination of music and comedy that once again brings to the screen such favorite child actors as Darla Hood, Spanky MacFarland, Alfalfa and Buckwheat, youngsters who hold a chapter of their own in Americana.

Here is a film, brilliantly edited, designed for all who want to laugh, for all who want to enjoy catchy tunes.

The fellow with money to burn seldom sits by the fire.

NOTICE OF CITY BOND ELECTION

The State of Texas, County of Jones, City of Hamlin:

To the resident, qualified electors of the City of Hamlin, Texas:

Take notice that an election will be held in the City of Hamlin, Texas, on the 1st day of July, 1959, on the proposition and at the place more particularly set forth in the election resolution adopted by the City Council, which is as follows:

Calling an election on the question of the issuance of \$100,000.00 waterworks system tax bonds.

Whereas the City Council of the City of Hamlin, Texas, deems it advisable to issue the bonds of the said city for the purposes herein-after mentioned:

Be it resolved by the City Council of the City of Hamlin, Texas:

1. That an election be held in said City of Hamlin, Texas, on the first day of July, 1959, at which election the following proposition shall be submitted:

"Shall the City Council of the City of Hamlin, Texas, be authorized to issue the bonds of said city in the amount of \$100,000.00, maturing serially in such installments as may be fixed by the City Council, the maximum maturity date being not more than twenty (20) years from their date, and bearing interest at a rate not to exceed five (5%) per cent per annum, and to levy a tax sufficient to pay the interest as it accrues and principal as it matures on said issue of bonds, for the purpose of improving and extending the City's Waterworks System as authorized by the constitution and laws of the State of Texas."

2. That said election shall be held at the City Hall, within said city, and the following named persons are hereby appointed directors of said election: Mrs. Brad Rowland, presiding judge; Mrs. C. C. Prater, assistant judge; Mrs. A. A. Hackley, clerk.

3. The said election shall be held under the provisions of Chapter 1, Title 22, of the Revised Civil Statutes of 1925 as amended, including the provisions of Article 704, as amended by Chapter 382, passed at the first called session of the Forty-Fourth Legislature, and only legally qualified electors who own taxable property in the city and who have duly rendered the same for taxation shall be qualified to vote.

4. The ballots for said election shall have written or printed thereon the following: "FOR the issuance of Waterworks System tax bonds" "AGAINST the issuance of Waterworks System tax bonds."

5. A substantial copy of this resolution signed by the mayor of said city and attested by the city secretary shall serve as proper notice of said election. Notice shall be given in accordance with Article 704, Revised Civil Statutes of 1925, as amended by Chapter 382, passed at the first called session of the Forty-Fourth Legislature, supra. The mayor is authorized and directed to have a copy of said notice posted at the City Hall and at two other public places within said city not less than 15 days prior to the date fixed for holding said election. He shall also cause said notice to be published on the same day in each of two successive weeks in a newspaper of general circulation published within said city, the date of the first publication to be not less than 14 days prior to the date set for said election. Except as otherwise provided in said Article 704 as amended, the manner of holding said election shall be governed by the laws governing general elections.

Adopted and approved this 8th day of June, 1959.—L. H. McBride, Mayor, City of Hamlin, Texas. Attest: H. M. Barrow, City Secretary, City of Hamlin, Texas.

Beware of salesmen who threaten to give you something.

MIGHTY WEAK CASE. "My husband and I argued for a whole hour last night," said a wife to her neighbor, "and do you know he didn't say a word the whole time."

2 NEW THRILL SHOCKING HITS!

An Old Hamlin Firm With a New Name...

In a transaction completed a few days ago, the firm of Jay Implement Company, which has operated in Hamlin for nearly 15 years, was purchased by W. A. Hawkins, Hamlin young business man, who has been associated with Baroid Oil Company for a number of years, part of which time has been overseas. Hawkins is now in full charge of the firm, and will continue to operate the business at the same stand.

We extend to old patrons of the firm a cordial invitation to continue to do business with us, and invite new customers for the business, assuring you of out every desire to serve the people of the territory efficiently.

We Are Ready to Serve the People of This Territory

PONTIAC AUTOMOBILES . . .

Hawkins Motor Company will continue to handle Pontiac Automobiles, which have long been established as one of the finest cars on the road. See the fabulous models here now.

Complete service department is maintained for these fine cars, too.

FARMALL TRACTORS . . .

Standard of quality for farmers of the country for years, the Farmall Tractor will, of course, be one of our main lines. There's a Farmall for every purpose—at the price one wants to pay.

Naturally, we will service the Farmall, and we maintain a complete parts and accessories stock for Farmalls.

IHC IMPLEMENTS . . .

There are no better farm implements made today than the famous IHC Implements. We will continue to sell and service these dependable, economical implements. They are made to do the job on the farm and ranch "just a little bit better" because they are manufactured with the farmer in mind. Liberal trade-ins of your present equipment on IHC Implements.

VALUES IN USED CARS, TRACTORS AND FARM IMPLEMENTS . . .

Most of the time we will have on our used equipment lot some real values in used cars and implements. Let us figure with you if you want quality equipment in used condition.

When we trade for a used piece of equipment, it is taken into our shop and checked. Repairs and replacements are made, or if we move the machine in an "as is" condition we frankly tell you all we know about the machine. If repairs are made, we warrant it will give you good service.

Your Business Is Always Appreciated at Hawkins!
And Complete Satisfaction Guaranteed
